Environmental Policy

Greyhound Chromatography and Allied Chemicals Ltd recognises that we have a responsibility to the environment and are committed, through continuous improvement, to ensuring that our environmental performance is a key part of our business focus.

Our policy aims to:

- Comply with all relevant regulatory requirements
- Source products and materials from environmentally responsible suppliers
- Inform our clients of appropriate handling, use and responsible disposal of our products
- Responsibly dispose of any general waste and packaging that cannot be reused
- Provide a working environment that is environmentally efficient
- Be aware of and minimise any adverse environmental effects to reduce pollution

We involve all employees in implementing and achieving this policy whilst complying with international laws and regulations.

We use this policy to set and review our objectives and meaningful targets. Regular reviews are in place to ensure the continued success and relevance of this policy.

C. Lambert
Operations Director
