# Our Fatty Acids

Larodan offers a truly comprehensive range of fatty acids and their methyl and ethyl esters. Products range from simple natural fatty acid analytical standards to highly complex artificial branched methyl esters.

Larodan fatty acid products are supplied in ug up to multi g scale. Standard purity is above 99%. All products come with a certificate of analysis.

## About Larodan

Larodan makes a comprehensive range of research grade lipids for use as analytical standards with customers all over the world. Our products include all kinds of lipids, from simple fatty acids and methyl esters to complex oxylipins, glycerides and phospholipids. We also provide speciality products to the Nordic market, in collaboration with other international research chemicals companies. Our facilities are located at the Karolinska Institute in Stockholm, Sweden.
